**Horses work
for Kentucky.**

Educate the public and key state constituencies about the benefits the entire horse industry provides to all sectors of Kentucky's economy

- Develop a state grassroots network involving Kentucky's horse economy in all 120 counties
- Build a state coalition of diverse organizations supporting Kentucky's horse economy.

Encourage the development of a pro-jobs and economic opportunities agenda for the Kentucky horse economy to include:

- Increased state advocacy and promotion of the Kentucky horse industry
- Initiatives to stimulate jobs and economic growth through economic incentives and tax reform to solidify Kentucky's horse economy leadership to attract new horse industry interests to the state.
- Expansion of existing state horse economy programs for all breeds such as the Kentucky Breeder's Incentive Program, to encourage ownership of Kentucky-bred horses.
